

Supporting Statment Ref H12-0598-22

The Business will run from 07:00am to 18:00 pm Monday to Friday.

From 07:00 there are only a couple of children arriving to cater for parents that work shifts or further afield.

From 08:00am there will be a handfull of children arriving ready for the school runs. We cater for Lutton and Long Sutton Primary Schools, dropping and collecting children before and after school.

From 09:00 other children arrive.

Some do a full day, others only half a day depending on parents needs and working patterns.

Our aim is to provide a flexible, fluid service meeting the needs of the parents and child care provision.

This is why we wish to remain small to enable us to have the flexibility to meet the parents needs along with providing a home from home approach to our child care (Child care on Domestic Premises).

Car parking is highlighted by the red outline on the plan.

There is provision for a max of 14 cars, however as above because of the nature of the care provided it is highly unlikely that a max of 5 cars will ever be there at the same time.

The probability is that no more than 2 cars at any one time, taken into account our experience of running a child care business.

As regards to numbers of children cared for, Lincolnshire County Council have approved the premises for upto 16 children at any one time. There will be time when this number is achieved and others when it would be dramatically lower, depending on time of day and days of the week. It is not possible to predict exact numbers on what days and times as this is fluid to enable us to give the best child care options, both for child and parents working patterns.
