**DO NOT SCALE FROM THIS DRAWING**

This drawing is copyright and may not be altered, traced, photographed or used for any other purposes other than that for which it is issued. The Client or Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including foundations are based upon trial site depths as noted in the area. No responsibility can be accepted for abnormal conditions which may be discovered during construction unless reported to the Architect so that design amendments may be discussed. Soil and drainage investigations in respect of foundations to exact specification conditions / foundation work to understand the following: (a) Trial pits to be dug to the full depth of foundations and inspected by the Architect or his representative before any work is commenced. (b) Any variation in the foundations as shown on the approved drawings must be approved by the Local Authority Planning / Building Regulations Department. This drawing must be read in conjunction with any other relevant drawings and specifications prepared by the Architect or any other consultants employed by the Client. Any discrepancies found between the drawings and the site conditions must be reported to the Architect before any work is put in hand. Figured dimensions are to be taken in preference to scaled dimensions. All dimensions are in millimetres unless otherwise stated. The Contractor is to check all dimensions on site before any work is put in hand. Any discrepancies found between the drawings and the site conditions must be reported to the Architect before any work is put in hand. Figured dimensions are to be taken in preference to scaled dimensions. All dimensions are in millimetres unless otherwise stated.
