Application	H12-0924-16
Location	69 Marriots Gate Lutton Spalding PE12 9HN
Proposal	Details submitted relating to screening, contamination foul water disposal, surface water disposal and archaeological investigation report (Conditions 6, 8, 9, 10 and 11 of H12-0518-16)

Name	J Reith
Address	Environmental Health Technician Safety and Environment
Date Submitted	13-10-16
For/Against	Comments

The Phase I Desk Study by A F Howland Associates (Reference DJM/16.301/Phase1) satisfies the contaminated land condition.
I would like to draw the applicant's attention to paragraphs 16 and 17 on page 11 of the report. These relate to the responsible removal of asbestos containing materials on site and how to deal with unexpected contamination during the construction of the development.
