Dear David

Further to our conversation last Friday, I would like you to raise the following points with Mr Phillip Congreave.

1. We are concerned about the water being shed from the site onto the road.
2. We would like to see more mature trees planted in the hedge.
3. We would prefer to see Chalet type bungalows on the site rather than houses.
4. We are concerned that once these homes are occupied, there will be complaints against the established business opposite the site, and ask if anything could be written in the contract to stop this happening.

We do not have any objections to this site being used for homes, but would ask that the above be considered in the application.

Yours sincerely

Bobbie Ashton
