Thank you for your enquiry. The proposal site is within defined settlement limits and is in Environment Agency Flood Zone 1, with no increased flood hazard or flood depth on the 2115 South Holland Strategic Flood Risk Mapping.
The principle of development of this land is therefore considered to be acceptable provided an appropriate design can be brought forward. Whilst the are no other examples of similarly designed dwellings in the immediate vicinity, the area does not have an overriding architectural style. Therefore the proposed materials look appropriate for the site.
Prior to submission of the final design, it is recommended that you are satisfied that the proposal does not materially increase overlooking or overshadowing to the detriment of immediate neighbours.
