Tuliplant Potatoes have been trading from the Fengate, Moulton Chapel site as potato packers since 1987. Before this time, it was formally known as J W Stanberry Ltd, which was formed as a company in 1952.

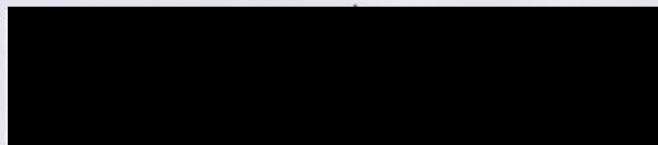

John Stanberry and his daughter Jenny, the current Director of Tuliplant Potatoes, worked together until John's untimely death in 2006. Jenny's only child Molly entered the business in 2015 and has gradually taken over more and more of the day-to-day running of the business. Molly is currently Company Secretary /Director of Tuliplant Potatoes Ltd and will eventually inherit the business. Tuliplant Potatoes Ltd is very much a Family concern.

Holly Tree House has been purchased by Tuliplant Potatoes Ltd with a view to Molly living close to the business.

It is envisaged that at some stage, when full planning permission is granted that the plot of land will be sold to Molly, and to this end Messrs Longstaffs have been approached to give a market valuation of the land as a standalone building plot.

The whole project of this new House is very much a self-build. To date, with regard to the drawing of the plans, Molly has had total and complete input with the architects into the design and requirements of the house as her future home.

Going forward, it is also planned that Molly would take over control of the day-to-day management of the new build – instructing contractors, etc., and completing some of the works with the assistance of friends and family.
