MARCH 2015.	S.L.D.

Scales
1/ 50.

DO NOT SCALE FROM THIS DRAWING
This drawing is copyright and may not be altered. Read dimensions only. Any discrepancies to be notified to the Architect. Materials and workmanship to be in accordance with the current British Standard Specification or other Standard as may be applicable. Any variations from the approved drawings must be agreed with the Architect before proceeding. Any proprietary items must be installed in accordance with the manufacturers instructions. The Architect is not responsible for any errors or omissions in the information supplied by others which is incorporated in this drawing. Any dimensions relating to existing buildings are taken from measurements taken on site and are approximate only. Site conditions must be checked and verified before commencing any work or ordering any materials. The Architect is not responsible for any discrepancies between dimensions shown on the drawings and dimensions taken on site. Any discrepancies must be reported to the Architect before proceeding with the work. This drawing is the property of the Architect and is not to be used for any other purpose than that for which it is intended without the written permission of the Architect. The Architect is not responsible for any errors or omissions in this drawing which may arise as a result of the Contractor or Sub-Contractor using incorrect or superseded information. The Contractor is responsible for ensuring that all dimensions are checked on site before any work is put in hand or any materials ordered. The Contractor is responsible for the safety and stability of the building and adjoining structures during the course of the works and for providing adequate temporary bracing and supports as necessary. This drawing is to be read in conjunction with all relevant Engineers drawings and specifications. Any discrepancies between the Architects drawings and the Engineers drawings must be reported to the Architect before proceeding with the work. This drawing is to be read in conjunction with the Specification and Bill of Quantities where applicable. All workmanship and materials to be in accordance with the current British Standard Specification or other National Standard applicable in the country where the building is situated. The General Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including dimensions are the copyright of G. R. Merchant Ltd. and may not be reproduced or used in any manner without our written permission. This drawing is not to be used as a contract document unless it is signed by the Architect. This drawing is not to be used for the purpose of obtaining Planning / Building Regulation approval. This drawing is not to be scaled for the purpose of obtaining tenders or quotations. All dimensions are in millimetres unless otherwise stated. Figured dimensions are to be taken in preference to scaled measurements. Any variations from the approved drawings must be agreed with the Architect before proceeding with the work. This drawing is to be read in conjunction with all relevant Engineers drawings and specifications. Any discrepancies between the Architects drawings and the Engineers drawings must be reported to the Architect before proceeding with the work. This drawing is the property of the Architect and is not to be used for any other purpose than that for which it is intended without the written permission of the Architect.
