Thank you for consulting us on this.
Having reviewed the application documents and the updated available Historic Environment information for this application, the proposal is unlikely to have an impact on significant archaeological remains. Consequently, no further archaeological input is necessary for this application. It is not necessary to consult us on this application again, unless there are material changes to the proposals. However, if you would like advice from us, please contact us to explain your request.
Finally, as the proposal has the potential to affect the setting of Seas End Hall, a Grade II listed Georgian farmhouse, through the "Erection of side extension to create family entertaining area to include family room, outdoor kitchen & alfresco dining area, erection of new swimming pool & pool house, housing changing facilities & pump house", the SHDC Conservation Officer should be consulted before any decision is made.
