TOWN AND COUNTRY PLANNING ACT 1990
TREE WORKS IN A CONSERVATION AREA

Reference: H13-0561-16 **Date of Decision:** 14th July 2016

Applicant: South Holland IDB
Marsh Reeves
Foxes Lowe Road
Holbeach
PE12 7PA

Location: West Bank Of Moulton River Moulton Spalding

Description: Works to Trees in Moulton Conservation Area

Detailed Description:

Notification to pollard two weeping willow trees during Autumn/Winter located on the western bank of Moulton River, Moulton.

One is adjacent to the south eastern corner of the garden of 5 Harrox Road. The other which is ivy covered, is in the vicinity of the north eastern corner of the garden of 10 Church Lane.
The proposed works are due to complaints from neighbours.

South Holland District Council has considered the proposal and has no objections, subject to any recommendation set out below;

1 That the proposed work is carried out within two years of the date of this letter of 'No Objection'.

2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.

Notes:

The necessary consent of all other interested parties should be obtained before the works proceed.

Some sources say that the ideal time to pollard willows to rejuvenate them is mid-winter.

It is suggested that the ivy is severed, to prevent the weight in the crown becoming too great.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England at their Lincoln office on 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England at their Lincoln office on 03000 603900 before works proceed.
