Thank you for consulting us on this application.
Having reviewed the application documents and the updated available Historic Environment information for this application, the proposal is unlikely to have an impact on significant heritage assets. Consequently, no further archaeological input is necessary for this application. It is not necessary to consult us on this application again, unless there are material changes to the proposals. However, if you would like advice from us, please contact us to explain your request.
Finally, as the proposal includes development potentially affecting the setting of an adjacent Listed Building (The Farmhouse, Grade [II]), the SHDC Conservation Officer should be consulted regarding potential indirect impacts on the setting and significance of the listed building.
