Dear Mrs Fairchild Fenton

Re 11 Broad Lane Moulton

Many thanks for taking the trouble to meet me at the property yesterday. As you say it is a wonderful old tree and I agree works should be kept to a minimum.

I enclose the Protected tree work form showing the proposal to remove the fibe branches we discussed together with a map showing the approximate location and a photograph marking the branches in question.

The propose trimming will be carries out by a professional tree surgeon and thc cuts will be as close to the main trunk as possible.

I would mention that on the plan the tree appears to be in next door's garden. In fact the strip of land between the hedge and the drive to nos 7 and 9 is part of no 11.

Many thanks fr you assistance. I look forward to hearing from you.

Kind regards,

[redacted]
