Date: APRIL '03.	Drawn: GRM.

Scales
1/100.

DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be altered, traced, photographed or used for any or all purposes other than that for which it is issued. The General Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including foundations are based upon typical site conditions related to the area. No responsibility can be accepted for any unusual conditions which may be discovered during construction and are reported to the Architect after commencement of the works. Foundation depths are to be checked and verified in respect of site conditions to establish suitable safe conditions before foundation work is undertaken. This drawing is for use in the erection of a dwellinghouse contained and does not purport to contain a full specification or schedule of works. It is solely for the purpose of obtaining Planning / Building Regulation approval. This drawing must not be used as a contract document alone. The works will not be supervised on or checked on site by G.R.Merchant or any representative thereof. It is the client or their appointed agents responsibility to control workmanship, substitution of materials, adherence to specification, variations to contract etc.

All materials to be of new prime quality unless stated and all components and materials etc. to be used fitted and made all etc. in strict accordance with manufacturers instruction and relevant code of practice. Materials shall conform to appropriate British standard specification or British certificate of Kuratown etc. equivalent. The Employer / Client shall ensure that the services contractor is commissioned with sufficient all measure necessary to achieve compliance with Health and Safety Regulation for the works and their duties. The Employer / Client is advised that should the works need to comply with the Construction Design and Management Regulations an Unexpected Planning Supervisor will be required. The work shall comply to all of that is shown on the drawing and details are to be read specifically shown but only to mean clearly intended as necessary to carry out the works as to be carried out to be included.
