DRAWING N°:	DATE:
WEN/GR/1045/07/02AMD	AUGUST 2007
DRAWN BY: JW	SCALES: 1:50 1:100

COPIES OF THESE DRWGS. MUST NOT BE TAKEN, TRACES OR ALTERED FOR ANY PURPOSE OTHER THAN THAT FOR WHICH THEY ARE ISSUED WITHOUT WRITTEN PERMISSION OF WENMAN BUILDING DESIGN. THESE SERVICES ARE PROVIDED ONLY FOR THE PURPOSE OF OBTAINING PLANNING OR BUILDING REGULATIONS APPROVAL AND DO NOT CONTAIN A FULL SPECIFICATION FOR THE PROPOSED WORKS AND MUST NOT BE USED AS A CONTRACT DOCUMENT ALONE.
THE PROPOSED WORK WILL NOT BE SUPERVISED/INSPECTED BY WENMAN BUILDING DESIGN (unless agreed otherwise in writing by the client). IT IS THE CLIENTS RESPONSIBILITY TO APPOINT A SUITABLE CONTRACTOR TO CARRY OUT THE WORKS. WENMAN BUILDING DESIGN is NOT RESPONSIBLE for any omissions in the drawings or specification nor is any responsibility to the contractor. It is neither practical or reasonable to show all relevant matters on the drawings, the fact two matters are not mentioned does not allowate the builder/contractor from responsibility of non-compliance in carrying out the work. All works and materials to be fitted and installed to the manufacturers instructions and comply with the manuals and approved documents of the building regulations and current hmrc technical requirements codes of practice, british standards or european code. All measurements on this drawing are not to be scaled for construction/ordering purposes. All dimensions for setting out of the works as shown on the drawing to be checked by the builder/contractor prior to the commencement of work and any discrepancies reported immediately. Where applicable dimensions shown are either the outside/inside of the or basement and not finished plaster. It is recommended that a site visit survey is undertaken prior to commencement of works. The actual positioning of existing services pipes, electrical cables etc. are not essentially shown. The actual positioning of appliances must be established by the builder/contractor prior to commencement of work and reinstated to suit the individual service suppliers installation recommendations.
HEALTH & SAFETY
The client is to ensure that the appointed contractor is familiar with and complies with Health & Safety to Building Sites and Work Places.
