*3. PURPOSE OF DEVELOPMENT*

This site is required to provide coverage to the village of Whaplode and a section of A151.

The One 2 One signal is limited in this area, and a site is required to provide acceptable coverage to their customers.

Double Roof Farm is commercial site and a telecommunication installation will merge with the visual clutter of the immediate landscape. It is considered that a slimline monopole structure, behind an existing row of trees will have the least visual impact on the A151 and nearby houses.
