DO NOT SCALE FROM THIS DRAWING

This drawing is copyright and may not be altered, traced, photographed or used for any other purpose other than that for which it is issued. The General Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including foundations are based upon normal site conditions known to the writer. No responsibility can be accepted for abnormal conditions which may be discovered during construction unless reported to the Architect so that, if thought advisable, they may be considered. Soil and subsoil are recommended at request of the Building Control Authority to establish specific site conditions before foundation work is undertaken. This drawing is formed in the course of the Architect's duties as defined in the Agreement between the Client and the Architect and is for the purpose of obtaining Planning / Building Regulation approval. That drawing is meant not to be used as a contract document and is. The writer will not be a witness or implicated on site by CDM Coordinator or any representative in section 2 & the duties of their appointed agents restrictively to assess work in hand e.g. submission of materials, adherence to specification, workmanship or sequence etc.,e.g. materials to be new unless otherwise stated and all sanitary ware and mattresses etc. to be tested, tried and tried(test etc. in strict accordance with the manufacturers instructions and relevant codes of practice. Contractor shall conform to subcontractor's own standard specifications or BSA certificate of compliance where appropriate. The Employer is to be responsible for ensuring adequate insurance cover for the works and for the Contractor's all risks insurance policy to cover the Contract Works. The Employer is to be responsible for appointing a competent person to undertake the duties allocated to Designers in Sections 4,5,6 and 10 and 11 under the CDM Regulations 2015. The Employer / Client is advised that should the works need to comply with the Construction Design and Management Regulations an Independent Planning Supervisor will be required. The levels shall comprise of all that is shown on the drawing and details. Work that may not specifically be shown but may be reasonably inferred as necessary to carry out the works shall be deemed to be included. It is the plot / land owners responsibility to set levels of the Party Wall etc. Act 1996 when building in close proximity to adjoining neighbour boundaries.
