CASE OFFICER ASSESSMENT

Proposal

This application seeks to discharge condition 11 of permission H14-0117-22. Condition 11 requires details of the site levels to be submitted and approved. Permission H14-0117-22 granted consent for 37 affordable dwellings.

Site Description

The site is within the settlement boundary of Pinchbeck, within a mostly residential area. A private watercourse abuts the south and east boundary of the wider site, which conveys runoff south-east and ultimately to "Captains Drain" around 150m south of the development site.

Relevant Planning History

H14-0557-22: (Outline Application) Development of 4 self-build plots - approved 21 December 2022

H14-0117-22: (Full Application) Development of 37 Affordable Dwellings - approved 21 December 2022

H14-0287-23: (Discharge of Conditions) Details of archaeological investigation. (Condition 7 of H14-0117-22) - approved 14 April 2023

H14-0368-23: (Discharge of Conditions) Details of construction management plan, wheel washing, estate road phasing & completion plan, site levels and surface water drainage scheme (Conditions 3, 4, 6, 11 & 17 of H14-0117-22) - approved 23 February 2024

H14-0252-24: (Discharge of Conditions) Details of landscaping & tree planting, hedge planting, publicly accessible open space & foul water drainage scheme (Conditions 12, 13, 14, & 18 of H14-0117-22) - approved 16 May 2024

H14-0325-24: (Discharge of Conditions) Details of written scheme of archaeological investigation (Condition 9 of H14-0117-22) - approved 16 May 2024

H14-0699-25: (Discharge of Conditions) Details of 1.8 metre wide footway, to connect the development to the existing footway network (Condition 5 of H14-0117-22) - approved 10 September 2025

Consultation

No consultation was undertaken in this instance as this was not considered to be necessary based on the submitted details; however, Pinchbeck Parish Council responded to confirm they had no comments on the proposals.

Key Planning Considerations

Condition 11 reads as follows:

"Before the commencement of the development hereby permitted, full details of the existing and proposed site levels and proposed floor levels of the buildings, hard surfaced areas and garden/amenity areas, including any mitigation measures arising as a consequence (for example increased height of boundary treatment), shall be submitted to and approved in writing by the Local Planning Authority. The development shall be constructed and retained in accordance with the details so approved.

Note: Where levels are raised above existing ground levels, the submission shall be supported by cross-sectional drawings showing the relationship with adjoining uses and buildings to enable the Local Planning Authority to be satisfied that sufficient mitigation measures will be in place.

Reason: To reduce the risk of flooding of the development and to ensure that the Local Planning Authority retains control over the finished site and floor levels of the development, in the interests of the amenity of adjacent residents and its visual and architectural relationship with adjacent development and within the street scene. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.

This Condition is imposed in accordance with Policies 2, 3 and 4 of the South East Lincolnshire Local Plan, 2019 and national guidance contained in Section 14 of the National Planning Policy Framework, 2021."

Condition 11 was already discharged under application H14-0368-23; however, the current application has been submitted to update the approved details. Whilst the levels details appear to be acceptable, the layout shown within the submitted plans is not consistent with the approved layout. For example, the roadway near plot 37 has been altered. This has been raised with the applicant's agent and they have been advised to submit an amendment application to apply to

update the submitted layout.

Condition 11 cannot be discharged again based on the submitted details as an unapproved layout is shown.

Additional Considerations

Public Sector Equality Duty

In making this decision the Authority must have regard to the public sector equality duty (PSED) under s.149 of the Equalities Act. This means that the Council must have due regard to the need (in discharging its functions) to:

A. Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act.

B. Advance equality of opportunity between people who share a protected characteristic and those who do not. This may include removing or minimising disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic; taking steps to meet the special needs of those with a protected characteristic; encouraging participation in public life (or other areas where they are underrepresented) of people with a protected characteristic(s).

C. Foster good relations between people who share a protected characteristic and those who do not including tackling prejudice and promoting understanding.

The protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The PSED must be considered as a relevant factor in making this decision but does not impose a duty to achieve the outcomes in s.149. It is only one factor that needs to be considered, and may be balanced against other relevant factors.

It is not considered that the recommendation in this case will have a disproportionately adverse impact on a protected characteristic.

Human Rights

In making a decision, the Authority should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as South Holland District Council to act in a manner that is incompatible with the European Convention on Human Rights. The Authority is referred specifically to Article 8 (right to respect for private and family life) and Article 1 of the First Protocol (protection of property).

It is not considered that the recommendation in this case interferes with local residents' right to respect for their private and family life, home and correspondence, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general public interest and the recommendation is considered to be a proportionate response to the submitted application based on the considerations set out in this report.

Conclusion

The submitted details conflict with the approved layout plans and as such, condition 11 cannot be discharged.

Recommendation

Refuse consent to discharge condition 11.
