Species of Tree	Tree ref. number or position on site	Details of the work you propose	Why you think this work is necessary	Proposed replacement tree(s)*
2no. Fir / Conifer	As shown	Complete removal of both trees.	Very untidy and messy and in the way of driveway renovations, not growing well and lots of dead looking bits. Not thriving.	Will be replaced by lots of shrubs within the area.

(Separate sheets can be attached if more room is needed)

* If you want to cut down a tree we will usually require you to replace it. Normally we will ask you to plant a young tree (at least 1.5 metres high) of the same species that you have cut down, as near to where the original tree was located as is practicable. Sometimes a comparable species may be allowed instead of the same species. Please give details of the tree(s) you would like to plant as a replacement.
