Working Shifts 2

Early Shift 2

Afternoon Shift 3

Night Shift 3

Parking

The forecourt of Marriott Farm can comfortably accommodate seven vehicles. It is also of sufficient size to allow vehicles to turn within the site and so avoid having to enter and leave in reverse gear.

Visitors for the children will be very occasional. The main traffic generator will be the four staff and as they operate on shifts there will not be more than four vehicles at any one time (three over weekends). It is worth noting that Marriott Farm will operate similar to a C3 dwelling.

Manilla Investment considers the vehicle parking facilities adequate for the proposed use. The site has good access and visibility, the numbers of vehicle movements will be low and will not lead to any more potential disturbance than when the property was previously occupied by a large family of seven (5 children and two adults)

Traffic Footfall

Working Shifts

There will be three shifts:

1. **Morning Shift**: 7:30am – 3:30pm: 4 members of staff (1 Residential Manager, 1 Responsible Individual, 2 senior workers)
2. **Afternoon Shift**: 3:30pm-8:30pm: 3 members of staff (3 senior workers)
3. **Night Shift**: 8:30pm – 7:15am: 1 member of staff

Early Shift
