Dear Sirs,

H14/0108/94
Condition Compliance
Pinchbeck Motors.

I would confirm my discussion with Mr P. Udy in that the screen to the jet wash at the above will be provided with a height of 1450mm instead of that indicated on the drawing at 1200mm.

Yours faithfully

A. Roffe.

17th February 1994

Dear Sirs,

H14/0108/94
Condition Compliance,
Pinchbeck Motors.

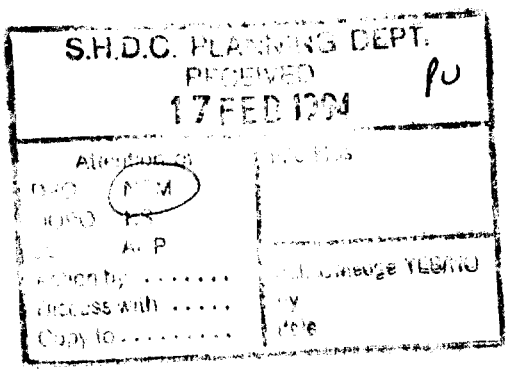

Further to my discussion with Mr. P. Udy, the height of the Jet Wash has been checked and found to be 1450 millemetres.

It should be pointed out that the height of the unit has no bearing on the use or noise, more noise being generated by the spray nozzle and the way it is used by the operator. The unit will be operated at a similar distance from any development at the rear of the garage as it now stands in relation to the existing houses from where there has been no adverse comments.

There is no objection to the screen wall being slightly higher but it must be bourne in mind that if too high, it will restrict the ease of operation of the unit from a practical viewpoint and may negate the advantages of the service.

Yours faithfully

A. Roffe.
