Application for tree works: works to trees subject to a tree preservation order (TPO) and/or notification of proposed works to trees in a conservation area.
Town and Country Planning Act 1990

Publication of planning applications on council web sites

Please note that with the exception of applicant contact details and Certificates of Ownership, the information provided on this application form and in supporting documents may be published on the council's website.

If any other information that is provided as part of the application which falls within the definition of personal data under the Data Protection Act and is not to be published on the council's website, please contact the council's planning department.

1. Applicant Name, Address and Contact Details

Title:	MR	First name:	NICK	Surname:	MORRIS
Company name:	WELAND + DEEPINGS 106				
Street address:	DEEPING HOUSE		Country Code	National Number	Extension Number
	WELAND TERRACE		Telephone number:	0175	725861
Town/City:	SPALING		Mobile number:		
County:	Lincs.		Fax number:	0175	767689
Country:	Email address:				
Postcode:	PE11 2TD				

Are you an agent acting on behalf of the applicant?

☐ Yes ☒ No

2. Agent Name, Address and Contact Details

Title:		First Name:		Surname:	
Company name:					
Street address:			Country Code	National Number	Extension Number
			Telephone number:		
Town/City:			Mobile number:		
County:			Fax number:		
Country:	Email address:				
Postcode:					

3. Trees Location

Please provide the address of the site where the tree(s) stands (full address if possible):

Address: Suffix:
Postcode:
County:
Postcode:

If the location is unclear or there is not a full postal address, either describe as clearly as possible where it is (for example, 'land to rear of 12 to 14 High Street' or 'Woodland adjoining Elm Road'), or provide an Ordnance Survey grid reference.

Description:

Long row of mixed trees stretching from Cuckoo Bridge (alongside North Dane Road) to the old railway line. Plan on your Ales is TPO No 1 dated July 1991.

4. Trees Ownership

Is the applicant the owner of the tree(s)? ☒ Yes ☐ No

If No, please provide the address of the owner (if known and if different from the tree location):

Title: First name: Surname:
Company name:
House Name: Telephone number: Country Code: National Number: Extension Number:
Street Address: Mobile number:
Postcode: Fax number:
Country: Email address:

5. What Are You Applying For?

Are you seeking consent for works to a tree(s) subject to a TPO? ☒ Yes ☐ No

Are you wishing to carry out works to tree(s) in a conservation area? ☐ Yes ☒ No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s) enter its title or number below

TPO No 1 - July 1991

7. Identification Of Tree(s) And Description Of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant. E.g. Oak (13) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

Crown raising to allow access to bankside vegetation in order to undertake maintenance operations. This work will balance out works to highway side of trees undertaken by Marcus Goode Ltd in 2009 with safety concerns. All work to be carried out to BS 3998.

8. Trees - Additional Information

For all trees

A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO

Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. Condition of the tree(s) - e.g. It is diseased or you have fears that it might break or fall:

If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

☐ Yes ☒ No

2. Alleged damage to property - e.g. subsidence or damage to drains or drives.

If YES, you are required to provide for:

☐ Yes ☒ No

Subsidence

A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

Other structural damage (e.g. drains, walls and hard surfaces)

Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)

Are you providing additional information in support of your application? ☒ Yes ☐ No

If yes, please provide the reference numbers of plans, documents, professional reports, photographs etc in support of your application:

9. Trees - Declaration

I/We hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. ☒

Date: 27.2.12

Discussions held with D. Fairchild - Fenton as to need for works to be undertaken.

Access by machinery is required under + around trees to maintain the top bank of North Drive Drain.

Road-side of trees - crown raised - by Marcus Goose in 2009 to reduce hazard to road users. This work will enable us to maintain our banks but also give the trees a more 'balanced' appearance.

Minor work on lower limbs to enable tractor + Haul to pass under.

N. Momen. 27/2/12
