Afternoon Rob

Please be advised that the revised drawing now indicating edge lanes for adoption by this Authority is acceptable in principle, subject to S38 technical approval.

Dean

As further discussions have gone with SHDC, and the introduction of their new refuse collection policy, we have had to add further areas of adoptable roads, as per the attached, with a mix of edge lanes and shared surfaces. All roads/lanes have been tracked for refuse as per the attached tracking plan, and all comply.

Prior to submission the LPA I wondered if you could confirm that the attached is acceptable to the Highway Authority. I appreciate that the finer detail will be ironed out within the technical approval stage, but I think we have reached a point where every unit has direct access to an adoptable road.

Your earliest response would be grateful.

Kind regards

Rob
