Town and Country Planning Act 1990

Outline Planning Permission

Reference: H14-0198-15 **Received:** 3rd March 2015 **Type:** OUTLINE

Name: Mr & Mrs R Hart
The Burrells
Stockhouse Lane
Surfleet
Spalding
Lincs
PE11 4AT

Agent: A C Hornsby
35 Peak Hill
Cowbit
Spalding
Lincolnshire
PE12 6AW

Description: Residential development - 3 dwellings

Location : Milestone Lane Pinchbeck
Spalding

South Holland District Council hereby give notice that OUTLINE PLANNING PERMISSION HAS BEEN GRANTED for the development in accordance with the application submitted, subject to the following:

1 Application for approval of reserved matters must be made not later than three years beginning with the date of this permission, and the development must be begun before the expiration of two years from the final approval of reserved matters or in the case of approval on different dates, the final approval of the last such matter to be approved.

Reason: As required by Section 92 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans:
Dwg. nos. 13/22/01, 14/28/32A and Flood Risk Assessment, Final Report prepared by Geoff Beel Consultancy dated April 2015 reference GCB/HORNSBY.

Reason: For the avoidance of doubt and in the interests of proper planning.

3 The following matters are reserved for subsequent approval by the Local Planning Authority and no development to which these matters relate shall be carried out until these matters have been approved, viz:
i) detailed drawings of the estate layout to a scale of not less than 1:500 and including road and

plot layouts;
ii) detailed drawings to a scale of not less than 1:100 showing the siting, design and external appearance of each building, including a schedule of the materials to be used for external walls and roof;
iii) the siting and design of any vehicular access to a highway or estate road;
iv) the means of foul and surface water disposal;
v) details of landscaping and tree planting.
vi) the existing and proposed site levels and floor levels of the buildings and hard surfaced areas.

Reason: The application was submitted in outline only and the above details are required to enable the Local Planning Authority to assess the detailed design, scale, appearance and layout of the development as well as ensure that appropriate access and services are provided to serve the development.
This Condition is imposed in accordance with Policies SG12, SG13, SG14 and SG18 of the South Holland Local Plan 2006 and national guidance contained in Section 10 of the National Planning Policy Framework, 2012.

4 When application is made to the Local Planning Authority for approval of reserved matters, that application shall be accompanied by a scheme of landscaping and tree planting indicating, inter alia, the number, species, heights on planting and positions of all trees in respect of the land to which that application relates, together with details of post-planting maintenance and such a scheme shall require the approval of the Local Planning Authority before any development is commenced. Such scheme as is approved by the Local Planning Authority shall be carried out in its entirety within a period of 12 months beginning with the date on which development is commenced. All trees, shrubs and bushes shall be maintained by the owner or owners of the land on which they are situated for the period of five years beginning with the date of completion of the scheme and during that period all losses shall be made good as and when necessary.

Note: The applicant is recommended to employ a qualified and experienced landscape designer to produce a landscaping scheme for the development.

Reason: As the application is in outline form there is not sufficient information to satisfy the need for landscaping of the site.To ensure that the development is adequately landscaped, in the interests of its visual amenity and that of the area in which it is set.
This Condition is imposed in accordance with Policy SG18 of the South Holland Local Plan 2006.

5 Before the commencement of development hereby granted, details of the proposed boundary treatment, including a schedule of materials, and details of the size and species of any hedging, shall be submitted to and approved in writing by the Local Planning Authority, and the details so approved shall be implemented in full before any of the dwellings hereby approved are first occupied.

planningadvice@sholland.gov.uk
www.sholland.gov.uk

Reason: The application does not contain the necessary details to assess the provision of boundary treatments. In the interests of the character and appearance of the development and the visual amenity of the area in which it is set.
This Condition is imposed in accordance with Policy SG14 of the South Holland Local Plan 2006.

6 The development hereby permitted shall not be commenced until a scheme to deal with any contamination of land or pollution of controlled waters has been submitted to and approved in writing by the Local Planning Authority (LPA) and until the measures approved in that scheme have been implemented. The scheme shall include all of the following measures.
i) a desk-top study carried out to identify and evaluate all potential sources of contamination and the impacts on land and/or controlled waters, relevant to the site. The desk-top study shall establish a 'conceptual site model' and identify all plausible pollutant linkages. Furthermore, the assessment shall set objectives for intrusive site investigation works/Quantitative Risk Assessment (or state if none required). Two full copies of the desk-top study and a non-technical summary shall be submitted to the LPA without delay upon completion.
ii) if identified as being required following the completion of the desk-top study, a site investigation shall be carried out to fully and effectively characterise the nature and extent of any land contamination and/or pollution of controlled waters. It shall specifically include a risk assessment that adopts the Source-Pathway-Receptor principle, in order that any potential risks are adequately assessed taking into account the sites existing status and proposed new use. Two full copies of the site investigation and findings shall be forwarded to the LPA without delay upon completion.
iii) thereafter, a written method statement detailing the remediation requirements for land contamination and/or pollution of controlled waters affecting the site shall be submitted to and approved in writing by the LPA, and all requirements shall be implemented and completed to the satisfaction of the LPA. No deviation shall be made from this scheme. If during redevelopment contamination not previously considered is identified, then the LPA shall be notified immediately and no further work shall be carried out until a method statement detailing a scheme for dealing with the suspect contamination has been submitted to and agreed in writing by the LPA.
iv) two full copies of a full closure report shall be submitted to and approved in writing by the LPA. The report shall provide verification that the required works regarding contamination have been carried out in accordance with the approved Method Statement(s). Post-remediation sampling and monitoring results shall be included in the closure report to demonstrate that the required remediation has been fully met.

Note: The applicant is advised that the phased risk assessment required by the Contaminated Land Scheme Condition should be carried out in accordance with the procedural guidance of the Environmental Protection Act 1990 Part 11A.

The applicant's attention is also drawn to the document entitled "Developing Land Within Lincolnshire - A guide to submitting planning applications to develop land that may be contaminated", which can be obtained through the Local Environmental Health Department.

www.sholland.gov.uk

Reason: To assess whether the site is polluted and to address any pollution to ensure a satisfactory development.
This Condition is imposed in accordance with Policy SG13 of the South Holland Local Plan 2006.

7 The development hereby permitted shall be carried out in general accordance with the measures set out in the Flood Risk Assessment 'Final Report' prepared by Geoff Beel Consultancy dated April 2015 reference GCB/HORNSBY and supporting Site Survey (Drawing 13/22/01 undertaken by Alan Hornsby Architectural Services), dated September 2013, forming part of this planning application and in particular the following mitigation measures unless otherwise agreed in writing by the Local Planning Authority:
- Finished floor levels shall be set no lower than 4.5m ODN;
- Flood resilient construction methods shall be incorporated throughout the development to a minimum height of 500mm above finished floor level.

Reason: To ensure that the development does not increase the risk of flooding or be at risk of flooding.
This Condition is imposed in accordance with national guidance contained in Section 10 of the National Planning Policy Framework, 2012.

8 No development shall take place before a scheme has been agreed in writing by the Local Planning Authority for the construction of a 1.8 metre wide footway, together with arrangements for the disposal of surface water run-off from the highway at the frontage of the site. The agreed works shall be fully implemented before any of the dwellings are occupied. Or in accordance with a phasing arrangement to be agreed in writing with the Local Planning Authority.

Reason: To ensure safe access to the site and each dwelling/building in the interests of residential amenity, convenience and safety. Such details not being contained within the application as submitted.
This Condition is imposed in accordance with Policy SG14 of the South Holland Local Plan 2006.

The Local Planning Authority has acted positively and proactively in determining this application by assessing the application against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise and subsequently determining to grant planning permission in as timely a manner as possible in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Copies of all documentation submitted in connection with this application can be viewed online at www.sholland.gov.uk/doitonline/plandev/plansearch.aspx.
