CASE OFFICER ASSESSMENT

Proposal

This is a householder application seeking planning permission for a proposed single storey rear extension to the property at Corn Barn, Leaveslake Drove, West Pinchbeck.

Site Description

The property is a detached two storey dwelling situated within the countryside, It is mostly surrounded by open fields and dwellings are located sporadically along the road. Corn Barn is set back from the road, with a large driveway to the front and sits within a very large curtilage.

History

H14-0433-15- Approved on 30-06-15- Proposed rear extension to existing dwelling.

H14-0436-01- Approved on 30-05-01- Extensions to dwelling

Consultation Responses

No consultation responses received.

Planning Considerations

Layout, Design, Size and Scale

Paragraph 130 of the National Planning Policy Framework (NPPF), 2021 establishes that planning policies and decisions should ensure that developments will function well and add to the overall quality of the area; are visually attractive as a result of good architecture and sympathetic to local character and history, including the surrounding built environment and landscape setting; and create places that are safe, inclusive and accessible and which promote health and well-being, with a high standard of amenity for existing and future users, among other considerations. Likewise, Policy 2 of the SELLP states that design which is inappropriate to the local area, or which fails to maximise opportunities for improving the character and quality of an area, will not be acceptable.

The proposed extension will protrude from the rear elevation by approx. 4.4m in depth, with a width of 4.4m, and will consist of oak frame on a dwarf wall with windows situated on the north and east elevations. Having regard to the existing dimensions of the house, the proposed single storey rear extension is acceptable in terms of scale, mass and bulk.

A flat roof is proposed to the rear extension with a roof lantern. As much as flat roof extensions are not considered favourable, due to it being to the rear of the dwelling it will not impact on the overall character of the surrounding area and is acceptable.

Internally, the proposed extension will provide a family room, which will have a new opening from the existing kitchen. Overall, the proposal will ensure good living conditions for the house occupiers and is in keeping with the residential use of the property.

Taking the above into account, the proposed single storey rear extension is deemed to comply with Policies 2 and 3 in the SELLP, 2019 and Section 12 in the NPPF, 2021 in terms of layout, design, size and scale.

Residential Amenity

Paragraph 130 of National Planning Policy Framework (2021) amongst other matters seeks places with a high standard of amenity for existing and future users. Policies 2 and 3 of South East Lincolnshire Local Plan (2019) set out residential amenity and relationship to existing development and land uses as main considerations when making planning decisions.

The single storey nature of the proposal is subservient to the host property. The proposed windows overlook onto open fields to the rear, with no neighbouring property to the north or east. It is therefore not considered that there would be a material adverse impact on residential amenity in terms of overlooking, loss of light or being overbearing.

Taking the above into account, the proposed single storey rear extension is deemed to comply with Policies 2 and 3 in the SELLP, 2019 and Section 12 in the NPPF, 2021 in terms of residential amenity.

Planning Balance

Section 38 (6) of the Town and Country Planning Act, as amended by the 2004 Act, states that the determination must be made in accordance with the development plan unless material considerations indicate otherwise.

The proposed single storey rear extension will not materially harm the character or appearance of the locality or amenity of nearby residents. It is therefore considered to be in accordance with Policies 2 and 3 of the South East Lincolnshire Local Plan, 2019.

Conclusion

The recommendation is for a delegated approval.

Additional Considerations

Public Sector Equality Duty

In making this decision the Authority must have regard to the public sector equality duty (PSED) under s.149 of the Equalities Act. This means that the Council must have due regard to the need (in discharging its functions) to:
A. Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act
B. Advance equality of opportunity between people who share a protected characteristic and those who do not. This may include removing or minimising disadvantages suffered by persons who share a relevant protected characteristic that are connected to that characteristic; taking steps to meet the special needs of those with a protected characteristic; encouraging participation in public life (or other areas where they are underrepresented) of people with a protected characteristic(s).
C. Foster good relations between people who share a protected characteristic and those who do not including tackling prejudice and promoting understanding.

The protected characteristics are age, disability, gender reassignment, pregnancy and maternity, race, religion or belief, sex and sexual orientation.

The PSED must be considered as a relevant factor in making this decision but does not impose a duty to achieve the outcomes in s.149. It is only one factor that needs to be considered, and may be balanced against other relevant factors.

It is not considered that the recommendation in this case will have a disproportionately adverse impact on a protected characteristic.

Human Rights

In making a decision, the Authority should be aware of and take into account any implications that may arise from the Human Rights Act 1998. Under the Act, it is unlawful for a public authority such as South Holland District Council to act in a manner that is incompatible with the European Convention on Human Rights. The Authority is referred specifically to Article 8 (right to respect for private and family life) and Article 1 of the First Protocol (protection of property).

It is not considered that the recommendation in this case interferes with local residents' right to respect for their private and family life, home and correspondence, except insofar as it is necessary to protect the rights and freedoms of others (in this case, the rights of the applicant). The Council is also permitted to control the use of property in accordance with the general public interest and the recommendation is considered to be a proportionate response to the submitted application based on the considerations set out in this report.
