Dear Sirs,
Re: FLAXMILL LANE, PINCHBECK, Hedge Boundary from the road to the river.
The hedge along the perimeter of the proposed building is a very well established hedge, mainly of Hawthorn and some other species. It is a fast growing shrub, and makes a very effective screen. The hedge is in good condition, and the trees are well maintained. The hedge is a good example of a well maintained hedge, and it is a pleasure to see it in such good condition. The hedge is a good example of a well maintained hedge, and it is a pleasure to see it in such good condition. The hedge is a good example of a well maintained hedge, and it is a pleasure to see it in such good condition.
