APPROVED DETAILS

Condition 11

Condition 11 requires that prior to any vegetation clearance, groundworks or site preparation works taking place within 30m of the main badger sett, details and information confirming that the main sett has been closed and an artificial sett provided, shall be submitted for approval. Details of the works undertaken are set out in a report produced by Clarkson & Woods Ecological Consultants (received 19 March 2020) which confirms all works undertaken to construct the new artificial sett, exclude badgers from the main sett and to close the old sett where undertaken in accordance with the terms of the Natural England Licence. The report contains evidence to demonstrate that Natural England are satisfied with the works undertaken and Lincolnshire Wildlife Trust have been consulted on the information and confirm they have no comments to make.

In light of the above, this notice hereby confirms the details submitted pursuant to Condition 11 are acceptable and so are hereby approved and the condition discharged.

NB: This approval notice is limited to the conditions specified above
