Address 18 Cley Hall Drive Spalding PE11 2EB

Date Submitted 08-05-17
For/Against Comments

The application site is within easy cycling distance of many of Pinchbeck's facilities and amenities. Safe cycling should be encouraged as an alternative to the motor car. If outline planning permission is to be granted, please ensure that conditions are imposed and/or legal agreements are in place which will secure 1. on-site and off-site works for the safety of cyclists travelling between the site and the village, including at the level crossing; 2. secure cycle storage at each dwelling; 3. cycle parking at any significant public open space and play area.
