yardmaster

Number 1 in Europe

The Yardmaster D.I.Y. Metal Garage

So easy to maintain

Just a **10 year** GUARANTEE & a lifetime's good looks

No cracks.
No warps.
No maintenance.

Manufactured from high quality hot dipped galvanised steel, the Yardmaster range of garages provides a safe and secure shelter for your car. After the initial assembly your garage is completely maintenance free – no painting, preserving or rust proofing is ever required. We are so confident in our rust proofing and paint bonding system that we will replace free of charge any undamaged panel, which has perforated through rust within 10 years of purchase.

Special features include:

- 10 year anti rust guarantee;
- Generous headroom;
- Folded safety edges on all panels;
- Lockable hinged doors – double doors give large 2.57m opening and require only 1 padlock to secure;
- Pre-drilled holes for easy assembly
- Two transparent roof panels;
- Three high strength roof beams;
- Comprehensive step by step illustrated manual;
- Roof edge trim;
- Stainless steel screws guarantee no rusting or unsightly staining;
- Anchor bolts provided for securing structure to base
