Dear David,

There are currently 3 at present and there are to be no more than 25 maximum at any one time even if business expands.

Dear Hannah,

Thank you for your message. I am currently in discussions with my superiors regarding the storage of containers as there is no information on the file as to maximum numbers, or where containers will be stored within the site. I understand that the numbers will fluctuate but a maximum number would be needed as a condition to be set in order to minimise any potential amenity impact.

Does Merchants wish to bring forward any further supporting information regarding the containers?

Kind regards,
