Good afternoon Lucy,

I cannot find the original correspondence relating to a planning condition for the installation of a fire hydrant so it may have been dealt with by another Fire Service colleague. I can confirm that condition 30 for the installation of a fire hydrant can be discharged, because I have dealt with this site more recently and the Fire Service were able to secure a fire hydrant from Anglian Water Services free of charge- please see attached a copy of the water plan that refers to this site,

Kind regards,

Peter

Good morning,

You have been consulted on the above condition compliance application as the applicant is seeking to discharge the condition for the installation of a fire hydrant. I am emailing as the application is heading towards its expiry date and we have not received a response from yourselves. Could you please confirm if the submitted information is acceptable.

Kind regards,
Lucy
