Description

Please describe details of the proposed development or works including any change of use

This proposal is to seek permission to install a ground based solar field at the boundary of an existing field owned by 47 Church Street, Pinchbeck, Spalding, Lincolnshire, PE11 3UB.

The solar panel field will be 118.7m from any main road and 111m from the main residential house. The solar panel field will use 103sqm of the field. The 103sqm will have weed membrane and gravel put on the existing grass area. The solar panels will be mounted in frames in a landscape formation at a 10 degree angle and be south facing. To avoid any risk of flooding the panels will be raised off the ground by 400mm.
