Application	H14-0736-18
Location	PINCHBECK ENGINE MUSEUM WEST MARSH ROAD PINCHBECK PE11 3UW
Proposal	Proposed Artwork

Name	Ian Marshman - Historic Environment Officer
Address	Historic Environment Officer Lincolnshire County Council Lancaster House LN1 1XX
Date Submitted	14-09-18
For/Against	Comments

This office is supportive of these proposals for artwork to be sited within the setting of the Pinchbeck Engine, which is both a Scheduled Monument and a Grade II Listed building.

The proposed artwork would be located well away from the original engine of 1833, alongside an early 20th century structure towards the edge of the site, and in area already used to display a range of industrial equipment and machinery associated with land drainage. The artwork itself will be an added attraction to the museum and would help to communicate and better reveal the significance of the Pinchbeck Engine and the wider history of South Holland and the industrial achievements that have created the landscape we known today. In this regard it is in accordance with the National Planning Policy Framework (section 16, paragraph 200) which states:

"Local planning authorities should look for opportunities for new development within Conservation Areas- and within the setting of heritage assets, to enhance or better reveal their significance. Proposals that preserve those elements of the setting that make a positive contribution to the asset (or which better reveal its significance) should be treated favourably."
