SECURE ONE NON-STOP PROTECTION

To guarantee that your system will deliver the protection you require at all times, it's important to keep it in good working order. That's why we believe regular, planned maintenance to be an essential element of our service.

Our maintenance plan includes an annual visit (free for the first year) to inspect your system and carry out any required preventative work in accordance with British Standard 4737. Should you ever need it, Secure One also provides a 365 day, 24-hour engineer call-out service, with all labour costs for the call-out and subsequent repairs free, again, for a year. Replacement parts are, for the first 12 months, covered by your new system's full guarantee.

TO ARRANGE YOUR **FREE** HOME SECURITY SURVEY, CALL OUR OPERATORS BETWEEN 8AM - 6PM

0800 085 4242

Alternatively you can leave a message on our Answer-Call Service and we'll call you back at a time to suit you.
