TOWN AND COUNTRY PLANNING ACT 1990

FULL

Reference: H14-0901-25 **Date of Decision:** 30th December 2025
Applicant: G Scrupps
67 Wardentree Lane
Pinchbeck
Spalding
Lincolnshire
PE11 3UF
Location: 67 Wardentree Lane Pinchbeck Spalding Lincolnshire
Description: Erection of Warehouse for Repair and Maintenance of trucks in association with the existing use of the site for HGV use

South Holland District Council, in pursuance of the provisions of the Town and Country Planning Act 1990 (as amended), hereby give notice that permission has been GRANTED (or equivalent) for the development referred to above, subject to the following condition(s):

- 1 The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans and/or documents:

4411-25 01C Floor Plan Proposed, Elevations Proposed & Site & Location Plans
Flood Risk Assessment September 2025
4411-25 Biodiversity Net Gain Assessment
BNG Metric Calculation Tool

Reason: For the avoidance of doubt and in the interests of proper planning.

- 3 No development shall take place until a written scheme of archaeological investigation (WSI), for the archaeological evaluation phase, has been submitted to and approved in writing by the Local Planning Authority.

This scheme should include the following and should be in accordance with the archaeological brief supplied by the Lincolnshire County Council Historic Environment advisor on behalf of the Local Planning Authority:

1. An assessment of significance and proposed strategy for evaluation
2. A methodology and timetable of site investigation and recording
3. Provision for site analysis
4. Provision for publication and dissemination of analysis and records
5. Provision for archive deposition
6. Nomination of a competent person/organisation to undertake the work
7. The scheme to be in accordance with the Lincolnshire Archaeological Handbook.

The archaeological site work shall only be undertaken in accordance with the approved written scheme of archaeological investigation (WSI).

Reason: To ensure and secure the appropriate preparation and archaeological evaluation, prior to development, in compliance with Section 16 of the National Planning Policy Framework, December 2024. This issue is integral to the development and therefore full details need to be finalised prior to the commencement of works.

This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019 and Section 16 of the National Planning Policy Framework, December 2024.

- 4 The applicant shall notify the Lincolnshire County Council Historic Environment Department in writing of the intention to commence at least fourteen days before the start of archaeological work required in connection with Condition 3 above in order to facilitate adequate monitoring arrangements.

Reason: To ensure satisfactory archaeological investigation and retrieval of archaeological finds in compliance with Section 16 of the National Planning Policy Framework, December 2024. This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019 and Section 16 of the National Planning Policy Framework, December 2024.

- 5 The development hereby permitted shall not be brought into use, until a copy of the final report required in connection with the approved written scheme of investigation, as required by Conditions 3 and 4, is submitted to and approved in writing by the Local Planning Authority. This final report shall also be submitted to the Lincolnshire Historic Environment Record within three months of completion of the work.

The material and paper archive required as part of the written scheme of investigation shall be deposited with an appropriate archive in accordance with guidelines published in The Lincolnshire Archaeological Handbook.

Reason: To ensure satisfactory arrangements are made for the recording and archiving of possible archaeological remains in compliance with Section 16 of the National Planning Policy Framework, December 2024.

This Condition is imposed in accordance with Policy 29 of the South East Lincolnshire Local Plan, 2019 and Section 16 of the National Planning Policy Framework, December 2024.

- 6 Works may not be carried out in the main nesting season (March 1st - August 1st). If works are to commence outside these times then a suitably qualified ecologist must perform a breeding bird survey of the site prior to any works beginning onsite. Any active nests discovered during inspections will be protected with a suitable exclusion buffer (of appropriate size to the species) to prevent disturbance and monitored until the nest is no longer active / all chicks have fledged, when the ecologist will provide a sign off for clearance work to continue.

Reason: In order to protect any nesting birds.

- 7 The development hereby permitted shall be carried out in accordance with the measures set out in the Flood Risk Assessment dated September 2025 forming part of this planning application.

Reason: To ensure that the development does not increase the risk of flooding or be at risk of flooding.

This Condition is imposed in accordance with Policies 3 and 4 of the South East Lincolnshire Local Plan, 2019 and Section 14 of the National Planning Policy Framework, December 2024.

- 8 Prior to any vegetation clearance (defined as the deliberate removal of any semi-natural vegetative habitat e.g., grassland, trees, and native shrubs); or prior to the commencement of any development hereby permitted (whichever comes first); a written 30-year Habitat Management and Maintenance Plan (HMMP) for the Site in question shall be submitted to and approved in writing by the Local Planning Authority.

The approved HMMP shall be strictly adhered to and implemented in full for its duration and shall contain:

A) Aims, objectives and targets for management, including habitat target conditions matching the Statutory Biodiversity Metric submitted with the application.

B) Details of the phasing and implementation of the habitats

C) Details of the management operations necessary to achieving aims and objectives.

D) Preparation of a works schedule, including timescales for habitat clearance and habitat creation and/or enhancement.

E) Details of the monitoring needed to measure the effectiveness of management and details of an assessment as to whether the target condition is achieved within the time to target period specified within the approved metric.

F) Details of the persons responsible for the implementation and monitoring.

G) Mechanisms of adaptive management and remedial measures to account for changes in the work schedule to achieve required targets.

Reason: To meet the requirements in delivering the Mandatory Biodiversity Net Gain and to ensure net gain in biodiversity is provided on site.

This Condition is imposed in accordance with Schedule 7A of the Town and Country Planning Act (1990, as amended) and Policy 28 of the South East Lincolnshire Local Plan, 2019.

- 9 The development hereby permitted shall be carried out in accordance with the details within the Biodiversity Gain Plan submitted with the application and the Habitat Management and Maintenance Plan to be submitted as part of Condition 8.

Reason: To comply with Schedule 7A of the Town and Country Planning Act (1990, as amended).

This Condition is imposed in accordance with Schedule 7A of the Town and Country Planning Act (1990, as amended) and Policy 28 of the South East Lincolnshire Local Plan, 2019.

Notes:

Biodiversity Net Gain

The applicant's attention is drawn to the following Biodiversity Net Gain requirement.

The effect of Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 is that planning permission is deemed to have been granted subject to the "biodiversity gain condition". The effect of this "biodiversity gain condition" is that development granted by this notice must not begin unless:

- (a) a Biodiversity Gain Plan has been submitted to the planning authority, and
- (b) the planning authority has approved the plan, or
- (c) the development is exempt from the biodiversity gain condition.

The planning authority, for the purposes of determining whether to approve a Biodiversity Gain Plan if one is required in respect of this permission would be South Holland District Council.

This permission will require the submission and approval of a Biodiversity Gain Plan and Habitat Management and Monitoring Plan (HMMP before development is begun). This is

over and above the information submitted and considered as part of this application, and will be required before development is begun, because none of the statutory exemptions or transitional arrangements listed below are considered to apply.

For guidance on the contents, in respect of the details that must be submitted and agreed by the Local Planning Authority, prior to the commencement of the consented development, please see the GOV.uk website and Planning Practice Guidance.

Statutory exemptions and transitional arrangements

There are statutory exemptions and transitional arrangements which mean that the biodiversity gain condition does not always apply. These can be found at Paragraph: 003 Reference ID: 74-003-20240214 of the Planning Practice Guidance, which can be found at <https://www.gov.uk/guidance/biodiversity-net-gain>.

For clarity, the Local Planning Authority do not consider that any of the exemptions apply in this case. As such, the development hereby permitted will be subject to the biodiversity gain condition.

Irreplaceable habitat

If the onsite habitat includes irreplaceable habitat (within the meaning of the Biodiversity Gain Requirements (Irreplaceable Habitat) Regulations 2024) there are additional requirements for the content and approval of Biodiversity Gain Plans.

For clarity the LPA do not consider that irreplaceable habitats are present at this site.

The Biodiversity Gain Plan must include, in addition to information about steps taken or to be taken to minimise any adverse effect of the development on the habitat, information on arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat.

The planning authority can only approve a Biodiversity Gain Plan if satisfied that the adverse effect of the development on the biodiversity of the irreplaceable habitat is minimised and appropriate arrangements have been made for the purpose of compensating for any impact which do not include the use of biodiversity credits.

The Local Planning Authority has acted positively and proactively in determining this application by assessing it against all material considerations, including national guidance, planning policies and representations that have been received during the public consultation exercise, and by identifying matters of concern within the application and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal.

This decision notice, the relevant accompanying report and the determined plans can be viewed online at <http://planning.sholland.gov.uk/OcellaWeb/planningSearch>

Phil Norman
Assistant Director - Planning and Strategic Infrastructure
South Holland District Council

BUILDING REGULATIONS:

This decision refers only to planning permission as granted under the Town and Country Planning Act 1990. The works that you are proposing may also require Building Regulations and this planning permission does not give authority under Building Regulations to commence work. Please contact the Building Control team for further information on 01775 764557 or bcadmin@sholland.gov.uk

BUILDING REGULATIONS 2010:

The plans given approval as part of this application, may require the provision of additional information or amendment to show compliance the relevant requirements of the Building Regulations 2010. Typical circumstances include, highly glazed extensions achieving compliance with requirement L1 (Conservation of fuel and power) which may influence the areas of glazed elements/ building elevations, or requirement B1 (Means of warning and escape) which may influence an internal layout for fire safety purposes. Please contact the Building Control team for further information on 01775 764557 or bcadmin@sholland.gov.uk

RIGHTS OF APPEAL

Appeals to the Secretary of State

If you are aggrieved by the decision of your Local Planning Authority to refuse permission for the proposed development or grant consent subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990 or Section 20 of the Planning (Listed Building and Conservation Areas) Act 1990.

Timescales for appealing

The deadlines for appeals are calculated from the **date of decision** and are as follows for the types of applications below:

12 Weeks	6 Months	8 Weeks
Householder Applications	Planning Permission	Consent to Display Adverts
Minor Commercial Development	Listed Building Consent	
Agricultural Determinations	Other Prior Approval Applications	
Householder Prior Approval Applications		

<https://www.gov.uk/appeal-householder-planning-decision>

<https://www.gov.uk/appeal-planning-decision>

If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planning-inspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

Enforcement Notices

If an enforcement notice was served prior to the planning application being determined then the deadline for appealing is 28 days from the date of the **planning refusal**.

If an enforcement notice is served after the planning application is determined then the deadline for appealing is 28 days from the date of the **enforcement notice** OR the **timescales stated above for each application type** from the date of the planning refusal - whichever is sooner.

Appeals can be made online at: <https://www.gov.uk/planning-inspectorate>. If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State can allow a longer period for giving notice of an appeal but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in

giving notice of appeal.

The Secretary of State need not consider an appeal if it seems to the Secretary of State that the Local Planning Authority could not have granted planning permission for the proposed development or could not have granted it without the conditions they imposed, having regard to the statutory requirements, to the provisions of any development order and to any directions given under the order.

Purchase Notices

If either the Local Planning Authority or the Secretary of State refuses permission to develop land or grant it subject to conditions the owner may claim that he can neither put the land to a reasonably beneficial use in its existing state nor can he render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of the Part VI of the Town and Country Planning Act 1990 or Section 32 of the Planning (Listed Building and Conservation Areas) Act 1990.

Compensation

In certain circumstances compensation may be claimed from the Local Planning Authority if permission is refused or granted subject to conditions by the Secretary of State on appeal or on reference of the application to him.

These circumstances are set out in Section 114 and related provisions of the Town and Country Planning Act 1990 and Section 27 of the Planning (Listed Building and Conservation Areas) Act 1990.
