DO NOT SCALE FROM THIS DRAWING
This drawing is copyright and may not be reused, photocopied or used for any other purpose than that for which it is issued. The General Contractor is to check all the dimensions on site before work is put in hand and before any materials are ordered. Any discrepancies are to be reported to the Architect. All building work and workmanship is to comply with the current British Standard Specifications and Codes of Practice. Any variations from the drawings must be approved by the Architect before work is put in hand. The Architect is not responsible for any errors or omissions on this drawing after a period of 28 days from the date of issue. This drawing is to be read in conjunction with all relevant Structural, Mechanical and Electrical Engineers drawings and specifications and any other relevant information supplied to the Contractor. The Contractor is responsible for the adequacy of temporary works and for the safety of the building during construction. The Contractor is responsible for obtaining all necessary approvals and consents for temporary works. This drawing is not to be used for the purposes of obtaining Planning / Building Regulation approval unless it is signed as such by the Architect. The Contractor shall allow for all the requirements of the Party Wall Etc. Act 1996 and any requirements of the Local Authority in relation to the Act. The Contractor is responsible for the setting out of the building and for the accuracy of all dimensions. Figured dimensions are to be taken in preference to scaled dimensions. All dimensions are in millimetres unless otherwise stated.

**DO NOT SCALE FROM THIS DRAWING**

This drawing is copyright and may not be altered, traced, photographed or used for any other purpose other than that for which it is issued. The General Contractor is to check all dimensions on site and report any discrepancies to the Architect. All details shown on this drawing including foundations are based upon typical site conditions related to the area. No responsibility can be accepted for abnormal conditions which may be discovered during construction unless intended to the Architect so that design ammendments may be considered. Site soil surveys are recommended in respect of foundations to establish specific site conditions before foundation work is undertaken. This drawing is limited in the amount of information contained and does not purport to contain a full specification of the works. It is solely for the purpose of obtaining Planning / Building Regulation approval. This drawing must not be used as a contract document alone. The works will not be supervised or inspected on site by G R Merchant or any representative thereof. It is the client or their appointed agents responsibility to control workmanship, submission of materials, adherance to specification, variations to contract etc.

All materials to be new unless otherwise stated and all components and materials are to be used fitted and installed etc. in strict accordance with manufacturers instruction and relevant code of practice. Materials shall conform to appropriate British standard specification or BBA certificate or European code equivalent. The Employer / Client shall ensure that the selected contractor is experienced with and adopts all measures necessary to achieve compliance with Health and Safety legislation for Building sites and Work places. The Employer / Client is advised that should the works need to comply with the Construction Design and Management Regulations an Independent Planning Supervisor will be required. The works shall comprise of all that is shown on the drawing and details. Work that may not specifically shown but may be reasonably inferred as necessary to carry out the works shall be deemed to be included.
