Description: Residential development

Location : Land off Flaxmill Lane Pinchbeck
Spalding Lincs

South Holland District Council hereby give notice that PERMISSION HAS BEEN GRANTED for the development in accordance with the application and plans submitted, subject to any condition(s) set out below:

1 The development must be begun not later than the expiration of five years beginning with the date of this permission.

Reason: As required by Section 91 of the Town and Country Planning Act 1990.

2 Before the development hereby permitted is commenced details of the type and colour of the materials to be used for external walls and roofs shall be submitted to and approved in writing by the Local Planning Authority.

Reason: To ensure that the external appearance of the proposed development harmonises with existing buildings in the area.

3 Before any development is commenced, a scheme of landscaping and tree planting for the site, including details of positions, heights on planting and species of trees and shrubs, shall be submitted to and approved by the Local Planning Authority.

Reason: In the interests of visual amenity.

4 The approved scheme of landscaping and/or screening shall be carried out in its entirety within a period of two years beginning with the date on which development of the land is commenced. The trees, shrubs or bushes shall be adequately maintained by the owner(s) of the land on which they are situated for a period of ten years beginning with the date of completion of the scheme, and all losses shall be made good during that period.

Reason: In the interests of visual amenity and to ensure that the approved scheme is implemented satisfactorily.

5 The proposed fences, as shown on drawing no. FLP/SL/01/B shall be erected prior to the occupation of any dwellings on the site.

Housing & Planning Services Department, Council Offices, Priory Road, Spalding, Lincolnshire. PE11 2XE (Tel: 01775 761161)

Reason: To safeguard the amenities of adjoining residents.

6 The existing hedge along the northern boundary of the site shall be retained at not less than its present height as part of the approved landscaping for the site, and any plants which die shall be replaced with the same species as soon as seasonally practicable and thereafter maintained until established to the same height as the original hedge.

Reason: In the interests of the amenities of the locality.

7 The roads and footways shall be laid out and made up in accordance with the specification, programme and details to be approved and in any event shall be so constructed that, by not later than the time any dwelling erected on the land is occupied, there shall be direct connection from it (completed to the approved specification less the carriageway and footway wearing courses) to an existing highway; and the carriageway and footway wearing courses shall be completed within three months from the date upon which the erection is commenced of the penultimate dwelling to which this permission relates.

Reason: To ensure satisfactory access to each dwelling in the interests of residential amenity and convenience.

8 No dwelling to which this permission relates shall be commenced unless or until the carriageway basecourse and kerb foundation of the new estate roads onto which it fronts, is adjacent to, or gains access from, has been constructed.

Reason: To enable the position of the dwelling(s) and associated estate road(s) in the layout to be fixed more accurately in the interests of the proper planning of the area.

9 Before any development is commenced the approval of the Local Planning Authority is required to the detailed design of the scheme to provide for the satisfactory disposal of highway surface water run-off from the development; and such scheme as approved shall be carried out before any building is occupied.

Reason: To ensure that highway surface water run-off from the development will not adversely affect, by reason of flooding, the amenity of nearby land.

This permission is granted in accordance with the application submitted as revised by the amended details (Drawings FLP/SL/01/B, B3/DG/04, B3/SG/18/01 and B3/SG/19/01) received by the Local Planning Authority on 22 February, 1995.
