- Internal bead.
- Double glazed sealed unit.
- Stone effect / reconstituted stone cill.

Window Jamb Detail (1:10)

House Windows

Photograph of Sample Window

Existing house upvc windows to be upcycled and adapted for use in the new garage. Windows to have glazing bars added and then the whole window treated with specialist primer followed by final coats of paint (to match the new house windows). The resulting windows will appear as a timber casement window.

Garage Windows

All dimensions to be verified on site by Mark Cornsley before the start of work. Contractors to verify dimensions on their own behalf or that of sub-contractors.
Report any discrepancies to the Contract Administrator at once.
This drawing is to be read with all relevant Architects and Engineer's drawings and other relevant information.
