3. Description of the Proposal

Please describe the proposed development including any change of use:

The application is to apply for change of use planning permission to operate a commercial/business horse livery yard for up to 5 stables located at The Barn to run a small exclusive livery business catering for people that work and require full livery. There is no requirement to build additional stabling or change the existing buildings which are currently stables, so the application is only requesting commercial planning permission for the 5 existing stables with associated buildings to service them and associated land to facilitate the operation of the business.

There will be no part or DIY livery just a full livery service, thus minimising traffic movements. It is expected that traffic movements should not exceed an addition eight vehicle movements a day and this would only be at most two days per week, and more likely increased vehicle movements should be in the region of and extra two to four vehicle movements per day one to twice per week.

Has the building, work or change of use already started?	☒ Yes ☐ No	If Yes, please state the date when the building, work, or use started:	01/07/2016
Has the building, work or change of use been completed?	☐ Yes ☒ No

5. Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

☒ Yes ☐ No

If Yes, please complete the following information about the advice you were given (this will help the authority to deal with this application more efficiently):

Officer name:

Title:	Mr	First name:	JOHN	Surname:	SHARPE
--------	---------------------------------	-------------	-----------------------------------	----------	-------------------------------------

Reference:	
------------	----------------------

Date (DD/MM/YYYY): (Must be pre-application submission)

Details of the pre-application advice received:

Applicant requested opinion form Lincolnshire Highways Department as to and matters reliant to highways, access and traffic movements which they thought there may be an issue as a result of this application. Email reply from Mr Sharpe reads:

Thanks Richard.

I would not expect the vehicle movements associated with the described change of use would be so great in number that they would warrant a recommendation from the Highway Authority that Planning Consent should be withheld on the grounds of highway safety or traffic capacity.

I would just caution though that as usual we do have to be receptive to any relevant information that may come to light as part of the Planning consultation process and that might not be immediately obvious from the details of your pre-application enquiry or from our existing knowledge of the highway network in the immediate vicinity of the enquiry site.

Jon Sharpe

6. Pedestrian and Vehicle Access, Roads and Rights of Way

Is a new or altered vehicle access proposed to or from the public highway?

☐ Yes ☒ No

Is a new or altered pedestrian access proposed to or from the public highway?

☐ Yes ☒ No

Are there any new public roads to be provided within the site?

☐ Yes ☒ No

Are there any new public rights of way to be provided within or adjacent to the site?

☐ Yes ☒ No

Do the proposals require any diversions/extinguishments and/or creation of rights of way?

☐ Yes ☒ No

7. Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

☒ Yes ☐ No

If Yes, please provide details:

Any horse waste is sustainable stored onsite. Due to the method of livery feed and bedding only one twelfth of the expected waste is created. Due to the low volume there is sufficient storage capacity for ten horses for up to two years. There is an agreement with a local farmer to collect the waste and spread it on farmland which creates both sustainable removal of the waste from the holding and increased the soil structure and nutrient value of the farm land it is applied to.

Have arrangements been made for the separate storage and collection of recyclable waste?

☒ Yes ☐ No

If Yes, please provide details:

Any volume of recyclable waste is so low it can either be taken to a waste recycling center or collected.

8. Authority Employee/Member

With respect to the Authority, I am:

- (a) a member of staff
- (b) an elected member
- (c) related to a member of staff
- (d) related to an elected member

Do any of these statements apply to you?

Please describe the current use of the site:

The site is currently a residential property with equestrian facility with 5 box stables, menage and paddocks. The attached plan shows the residential component of the property edged in blue and the area applicable to this planing application edged in red.

Is the site currently vacant? ☐ Yes ☒ No

Does the proposal involve any of the following?

If yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated? ☐ Yes ☒ No

Land where contamination is suspected for all or part of the site? ☐ Yes ☒ No

A proposed use that would be particularly vulnerable to the presence of contamination? ☐ Yes ☒ No

15. Trees and Hedges

Are there trees or hedges on the proposed development site? ☒ Yes ☐ No

And/or: Are there trees or hedges on land adjacent to the proposed development site that could influence the development or might be important as part of the local landscape character? ☐ Yes ☒ No

If Yes to either or both of the above, you may need to provide a full Tree Survey, at the discretion of your local planning authority. If a Tree Survey is required, this and the accompanying plan should be submitted alongside your application. Your local planning authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to design, demolition and construction - Recommendations'.
