> Hi Greg thanks for your email regarding the drive. The driveway works have been completed as per highways requirements. Please find enclosed photos of the approvals. I spoke to highways last year as the 10 m part was a little confusing as it seemed a lot. They confirmed that a 1 m by 5 m strip was sufficient. We paid the fee to highways and obtained the permissions reqd and used one of the approved local contractors. I have tried to telephone you over the last couple of days as a conversation is usually easier. Look forward to your response lee.

Dear Sir

**HIGHWAYS ACT
1980: CHAPTER 66,
SECTION 184**

**VEHICLE ACCESS CROSSINGS TO MAINTAINABLE
CARRIAGEWAYS -**

**LOCATION: SUNNYLEA BARN, NEW ROAD,
QUADRING**

With reference to your application dated 5 August 2021, permission is now granted for the construction of a light duty vehicular access crossing on the frontage of the above property. Specification attached for the access.

It should be understood that this permission for the construction of a vehicular crossing to your property is conditional upon the points and guidance on Lincolnshire

County Council's website and the information you have provided in your application.

Works to take place from 29 October – 5 November 2021.

Traffic Control to be via Priority Working.

Please ensure that the contractors carrying out these works have their New Roads and Street Works (NRSWA) Accreditation cards on site at all times.

Please note: The construction for the vehicular access starts at your property boundary and continues to the kerb line adjacent to the carriageway, this includes any grass verges your contractor may need to cross.

Please ensure that you contact us via the email address below when works are complete on site.

vehiclecrossings@lincolnshire.gov.uk

Please ensure you follow the current Government Guidance regarding social distancing whilst working on the Highway.

RE: Sunnylea Barn driveway access

Good Afternoon Mr Sutton,

Thank you for the pictures. The access needs to be upgraded to Lincolnshire County Council Specification. There would have been an informative attached to your original planning permission, our updated version of said informative reads;

The permitted development requires the formation of a new/amended vehicular access. These works will require approval from the Highway Authority in accordance with Section 184 of the Highways Act. The works should be constructed in accordance with the Authority's specification that is current at the time of construction. Relocation of existing apparatus, underground services or street furniture will be the responsibility of the applicant, prior to application. For application guidance, approval and specification details, please visit <https://www.lincolnshire.gov.uk/licences-permits/apply-dropped-kerb> or contact vehiclecrossings@lincolnshire.gov.uk
