CDM NOTE:
The design has been undertaken as far as possible to avoid risks to health and safety or to reduce and control the effects of any unavoidable risks.
Any relevant information identifying risks which are not able to be eliminated will be included within the project Health and Safety file.

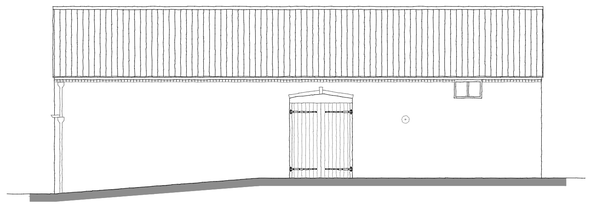

South West Elevation

South East Elevation

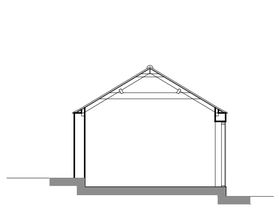

North East Elevation

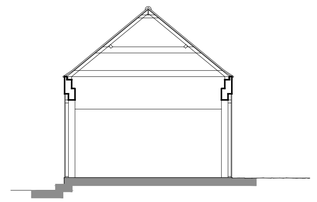

North West Elevation

Elevations 1:100
PROPOSED

All construction & structural details shown are indicative only. The existing structure is assumed to be capable of accepting the extra loading of lightweight PIR insulation solutions. Although the structure looks to be capable of conversion please refer to a structural engineers report, to be produced prior to any conversion work commencing, for confirmation & any possible remedial measures deemed necessary
