This message originated from outside your organization

Good Afternoon David,

With regards to the comments against the application we appreciate most have little relevance to the planning application, but we feel it is important to communicate that the comments are not a true representation of the business in which we operate. At J.B Robinson & Son Ltd our mission is to provide the end customer with the highest quality British grown products, whilst supporting our local community and the environment in which we live.

Each year we are independently audited for 5 separate accreditations which we have successfully passed for a number of years. I have attached our latest certificates for your perusal. These audits cover all aspects and operations on this site including crop production, handling and waste management. Specifically, the LEAF accreditation solely revolves around environmental factors, sustainability and the local community.

Should planning be granted, we anticipate a marginal increase in traffic. However, this would be offset by a reduction in our own operations during this period. I feel it's also important to highlight, that there has actually been a reduction in traffic over recent years as a result of many small farms in this area ceasing to exist.

If you have any questions or would like any further information please give me a call or drop me an email.

Kind Regards

Charles Robinson
