Please tell us the location of the tree(s).

23 PRIORY ROAD, SPALDING, Lincs
PE11 2XF

I give six weeks' notice that I intend to carry out the work that I have described below to tree(s) that are not covered by a Tree Preservation Order but situated within a

Conservation Area. Please give the name of the Conservation Area here: - SPALDING

Please draw a sketch plan to show the location of the tree(s), either on the back of this form or on a separate sheet, then tell us...

Species of Tree	Tree ref. number or position on site	Details of the work you propose	Why you think this work is necessary	Proposed replacement tree(s)*
Prunus x 3	1 Side	Reduce to approx 8" stumps	Due to close proximity to property, blocking light and for safety over hanging boundaries and car park. As discussed with Diane Fairchild Fenton at time of meeting on site.	
Ivy on prunus	4 Side	Ring ivy at base of trunks to allow to die off		
Cherry x 1	2 rear	Lift crown to approx 8"		
Acacia x 1	3 front	Trim sides + top of crown to reduce size by half		
Apple Tree x 1	5 other side	Reduce canopy by 50%		

(Separate sheets can be attached if more room is needed)

* If you want to cut down a tree, we will usually require you to replace it. Normally we will ask you to plant a young tree (at least 1.5 metres high) of the same species that you have cut down, as near to where the original tree was located as is practicable. Sometimes a comparable species may be allowed instead of the same species. Please give details of the tree(s) you would like to plant as a replacement.
