REAR EXTENSION PROPOSAL

The works have already commenced in the belief that the proposed extension was Permitted Development. However upon realisation that it required Planning consent works have been suspended and a Planning application prepared.

To this end photographs are appended herewith to show the present position in relation to the works so far and also to show the existing dwelling and adjacent dwellings.

PHOTOGRAPHS OF THE EXISTING DWELLING

View to outside rear garden (proposed extension) from the Kitchen

View of adjacent dwelling no 10 from the rear garden

View of beam and block suspended ground floor construction of the proposed Extension and across the boundary wall to number 8

Beam and block suspended ground floor construction in progress

Beam and block suspended ground floor construction
