DETERMINED PLAN

Spectus Vertical Slider **Features & Benefits:**

Tool technology and traditional appearance bring together the latest commitment by Spectus Window Systems to tackle each market sector.

This new Vertical Sliding Window system reflects the sight lines of wooden windows but incorporates the latest designs and hardware applications available today.

**Benefits of the Spectus VS**:

- Allows equal sight-lines of glass
- Gives a traditional looks & aesthetics
- Authentic appearance
- External gaskets welded at point of manufacture ensuring 'no shrinking'
- Less visible gasket
- No special hardware required
- Stronger fixing of heavy sashes

**Features of the Spectus VS**:

- Small and medium sash options
- Large bottom rail
- Ovolo detail to main frames & bead
- Post co-extruded sashes & beads
- Flush gasket detail
- Standard hardware
- Pivot bars fixed to reinforcing
- Sash horns

**The Spectus Vertical Slider:**

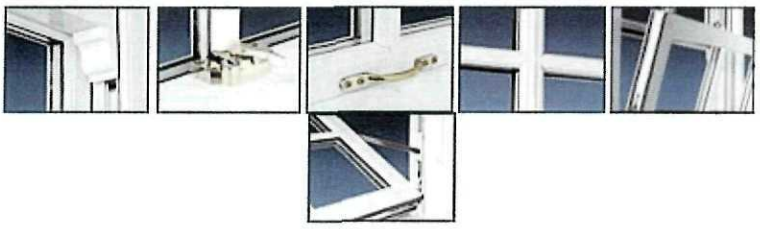

The **Spectus VS** is a NEW Vertical Slider System, the result of considerable investment and technical expertise - the Spectus VS has all the traditional benefits, improved by modern technology!

The Spectus VS is packed with advanced features including .

- Post Co-Extruded Sashes - easier and more cost effective fabrication.
- Flush Gasket Detail - so less gasket is visable.
- Ovolo designed Outer frame, cill, sash, bead and stop giving an authentic sash window appearance.
- Pile seal detail on Sash edges and Outer frame providing excellent weathering performance.
- Large and small Sash options - giving equal sightline top & bottom.

- All top Sash interlock - increases the rigidity of large windows.
- Deep bottom rail for a traditional vertical slider appearance.
- Pivot bars fix to the reinforcement giving a much stronger fixing
  for heavy sashes.
- Fits standard 'Off the Shelf' hardware which means that no special hardware needs to be sourced or required.
- Georgian bar option - Geo bars extruded complete and self-stick.

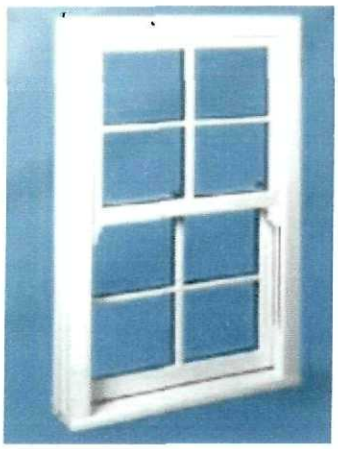

A wide range of colour options - available in White, Mahogany, Light Oak, Mahogany on White & Light Oak on White
