Looking at this application, it's a bit confusing what is going on where. Is it possible to link this to the previous application for plot 1 (H16-0935-20) for clarity, or to include the Goldfinch Environmental Limited letter of June 21 submitted for H16-0935-20 ,with this application please?
But looking at the Goldfinch Environmental Limited letter dated 20 January 2022, the topsoil and validation proposal appears satisfactory and I look forward to receipt of the validation report in due course.
