Thank you for consulting us on this.
Having reviewed the application documents and the updated available Historic Environment information for this application, the proposal is unlikely to have an impact on significant archaeological remains. Consequently, no further archaeological input is necessary for this application. It is not necessary to consult us on this application again, unless there are material changes to the proposals. However, if you would like advice from us, please contact us to explain your request.
Finally, as the proposal includes the installation of signage (new shopfront signage and hanging sign, along with directional lighting to illuminate the signage) to a building in close proximity to the Grade II listed 1 Sheep Market and is located within the Spalding Conservation Area, the SHDC Conservation Officer must be consulted before a decision is made, given the potential setting impacts.
