Hi Lucy
In reference to the recent non-material amendment can you please refer to the attached amendment form and associated revised drawings.
Essentially as noted on the form we have made a slight adjustment to the position on the new fence adjacent to plot 4 to suite actual site levels and the rear boundary fence to the side of plot 5's rear garden has changed form a 1800mm close boarded fence with concrete posts and inset timber panels (Type A) to a 1800mm close boarded timber fence with timber posts (type B fence).
I trust this is clear, however if you have any queries please don't hesitate to contact me.
Regards
Paul
