TOWN AND COUNTRY PLANNING ACT 1990
TREE WORKS IN A CONSERVATION AREA

Reference: H16-0188-17 **Date of Decision:** 6th April 2017

Applicant: Mr J Cooper
11 Castlefields
Spalding
Lincs
PE11 1QS

Location: 11 Castlefields Spalding

Description: Works to trees in Spalding Conservation Area

Detailed Description:

Notification to carry out works on a horse chestnut tree in the rear garden of 11 Castlefields, Spalding. The tree is located in the southern boundary. The works are described on the form as: 'Reduce crown and height /pollard.' The description
was further clarified on site, 31.3.17 as described below:
'prune back to previous cuts and remove ivy'.

South Holland District Council has considered the proposal and has no objections, subject to any recommendation set out below;

1 That the proposed work is carried out within two years of the date of this letter of 'No Objection'.

2 Work is to be carried out in accordance with BSI 3998 : 2010, 'Recommendations for Tree Work'.

Notes:

The necessary consent of all other interested parties (such as the neighbour adjoining the tree) should be obtained before the works proceed.

Ideally horse chestnuts should pruned after leaf fall but before February. Pruning in the spring months directly prior to and immediately after bud opening should be avoided as severe bleeding of sap from pruning cuts may occur.

Under the Wildlife and Countryside Act 1981 (as amended) all birds, their nests and eggs are protected by law and it is an offence to damage or destroy the nest of any wild bird while it is in use or being built. In the event of query please contact Natural England at their Lincoln office on 03000 603900.

Bats are protected species under the Wildlife and Countryside Act 1981 (as amended) and in the event that bats are living in any cavities in the tree(s), or if they are discovered while the works are taking place, please inform Natural England at their Lincoln office on 03000 603900 before works proceed.
