

-

Hand-drawn site plan of a property. The plan shows a building labeled "no. 67" with a driveway leading to it. The property is bounded by a "Pinet Hedge" on the left and a "Pinch" on the right. A "line of ex. foliage" is indicated near the building. The garden area contains several trees, including "cypress", "laurels", and "yew". A note indicates that an "existing brick foot boundary wall to be retained". Dimensions are noted: "1.8m wide" for the driveway and "1.8m high" for the hedge. The plan also shows a "cypress" tree in the center and a "laurel hedge" near the building. The building has a "no. 67" label. The plan is oriented with the building at the top and the driveway leading to it.
