I have reviewed the Agricultural and Environmental Business Consultants 'Desk top study (phase 1) report Land of Lucks Bridge Spalding Common Spalding PE11 3AY' dated 20/12/2020 and am unable to recommend discharge of condition 4 of H16-0193-19 at this time.
The report does not present sufficient factual information to support development of a representative conceptual site model. I strongly suggest that any future reports submitted take note of the guidance given in the LCRM, BS10175:2011:A2:2017 and YALPAG 'Development on Land Affected by Contamination Guidance'.
