SE Quadrant, Holbeach Road – relocation of pump station, etc.

Dear Mr.Williams,

We write to comment on the above applications.

We have no objections to the above proposals in themselves. We do, however, continue to have strong objections to the development of the site for hotel, drive-through restaurant, etc., as set out in our letter of 18 March 2010 urging refusal of application H16-0159-10 for the renewal of H16-0317-04. (Our objections were supported by the Authority and renewal permission refused.)

To this we might add the very ill-judged access point, particularly for vehicles travelling south on the bypass.

Yours sincerely,

John Charlesworth

John Charlesworth (Planning Officer).
